

SUNPOWER®

HYBRID spa heater
TRANSFERS heat
from pool to spa

SP05

RECYCLE EXISTING HEAT

SunPower Hybrid Spa Heater transfers FREE heat from your pool to your spa.

- Heat your spa every day using our advanced heat pump technology for less than \$10 per month
- Transfers heat from pool to spa, as long as the pool is 45°F or higher
- 15 year life expectancy: Lasts longer than 3 average gas heaters combined
- SMART control panel with 24 character full-text display provides easy-to-read menu options and unit status
- Silent operation: Can be installed indoors
- Eco-Friendly: No noxious gas emissions from fossil fuels, virtually no effect on carbon footprint or global warming

PoolSync® Technology

- Adjust heating, cooling, and autotemp modes via the PoolSync® app
- Enables remote diagnostics, instant performance updates and quick troubleshooting
- Monitors operation in real-time and ensures reliable performance year-round

UNIT SPECIFICATIONS

Cool the spa to use as a plunge pool

Virtually maintenance free

Perfect companion for solar

SP05

Efficiency (85°F Source Water Temp.)	BTUs	110,000
